

Texas Mercedes-Benz Meet, Centerville, July 29, 2006

About forty cars and fifty Mercedes-Benz owners from Austin, Dallas, Fort Worth and Houston gathered for a meet in aptly-named Centerville, TX, halfway between Dallas/Fort Worth and Houston. Participants from Mississippi and Louisiana also joined up.

The linkup was at Woody's Smokehouse & Barbecue in Centerville where we had a great lunch. After lunch, we proceeded to Fort Boggy

State Park on Highway 75 a few miles south of Centerville for an informal Show 'n' Shine. Several generations of Mercedes of all types were presented to admiring Benz lovers - it was a sight to behold. Prizes were awarded via people's choice balloting for Best 2000+ Model, Best 1990s Model, Best 1980s Model, Best Vintage Mercedes (1979 and older) and Best of Show.

This very successful event was organized by Joseph Middleton and Wes Chain of Houston. We thank them for creating an opportunity for Mercedes lovers to get together and for inviting our club.
